Company	Yaas Arghavani Industrial Engineering Co.
Role	Network Security Expert
Dates	Jan 2010 - Present
Responsibilities	Network Security Expert and Implementing and maintaining some services in the following Projects: <ul style="list-style-type: none">▪ Mellat Bank▪ Ma Insurance Co.
Company	Ayandeh Gostar Sepehr Co.
Role	Network Administrator
Dates	Apr 2008 - May 2010
Responsibilities	Network administrator and maintaining some services In the following Projects: <ul style="list-style-type: none">▪ Organization Communication Regulatory Authority▪ Pars Asia Aron Co.

Most significant projects Included

Yaas Arghavani Industrial Engineering Co.

- Implementation and configuration Cisco Switch's and Fortinet Firewall
- Implementation and configuration of Data loss prevention system
- Design and implement Desktop virtualization using Citrix XenDesk
- Implementation of Information Security Management System
- Implement the network penetration testing environment
- Administering the whole IT infrastructure – Firewall & Servers
- Maintaining Microsoft Services
- Implementing and configuring virtualization structure using ESX & vCenter
- Troubleshooting and solving networking issues - TCP/IP, DNS, DHCP
- Implementation of an integrated system for project management in SharePoint
- Developed Unified Communications total solution with Lync
- Design and implement messaging infrastructure with Exchange
- Installing and configuring Veeam backup and replication
- Design secure and scalable networks

Mellat Bank

- Compilation of Information Technology Architecture
- Evaluation of Security Operations Center infrastructure
- Implementation of an integrated system for project management in SharePoint
- Study the feasibility of designing a proprietary operating system for thin client

Ma Insurance Co.

- Design and Implementation of network infrastructure
- Designing and implementing Vlannig and Inter vlan routing
- Implementing and configuring virtualization structure
- Implementing monitoring software

Ayandeh Gostar Sepehr Co.

- Network Support of Communications Regulatory Authority
- Implementation of Wireless Network
- Troubleshooting operating system and software
- Maintaining network devices such as printers and switches

CERTIFICATES & Qualifications

2018	Advanced Digital Forensics <i>Certified by Naji Secure Development Technology Co.</i>
2017	Penetration Test with Kali <i>Certified by Nooranet Institute</i>
2017	Certified Ethical Hacker <i>Certified by Nooranet Institute</i>
2015	HP SAN ESSENTIAL <i>Certified by Rayan Collage Institute</i>
2013	VMware Certified Professional (VCP) <i>Certified by CyberTech Training Computer Education Institute</i>
2013	Cisco Certified Network Professional (CCNP Router & Switch) <i>Certified by CyberTech Training Computer Education Institute</i>
2012	Cisco Certified Network Associate (CCNA) <i>Certified by CyberTech Training Computer Education Institute</i>
2010	Microsoft Certified IT Professional (MCITP) <i>Certified by Tehran Institute of Technology</i>

Technical Skills

• Windows Server & Client	Expert
• Active Directory Tools & Services	Expert
• Penetration Testing tools	Advanced
• Mail Server (Exchange, M Demon)	Advanced
• Firewalls (TMG & Kerio)	Advanced
• Virtualization (Hyper-V & VMware)	Advanced
• Backup Solution (Acronis & Veeam)	Advanced
• LOG & Monitoring (Manage Engine & PRTG)	Advanced
• Microsoft SharePoint	Intermediate
• Microsoft Lync	Intermediate
• Network Analysis	Intermediate
• Malway Analysis	Intermediate
• IDS & IPS Security	Intermediate
• Cisco IOS	Intermediate
• Linux (Kali & redhat)	Intermediate

Languages

• Persian	Native
• English	Working knowledge
